SUMMARY

Experienced IT Support Specialist with 8 years of hands-on experience supporting hospital IT systems. Proficient in maintaining and troubleshooting critical health information systems, including EHR, HIS, and PACS. Proven ability to provide timely support, ensure network uptime, and uphold data security in healthcare environments. Highly detail-oriented, analytical, and responsive to high-stakes technical challenges. Currently pursuing a flexible evening degree while maintaining professional commitments.

WORK EXPERIENCE

IT Staff

RS Muhammadiyah Lamongan

July 2019 - March 2023

- Delivered end-to-end IT support for hospital staff across departments, including hardware, software, and network systems.
- Maintained core hospital systems such as Electronic Health Records (EHR), Hospital Information Systems (HIS), and Picture Archiving and Communication Systems (PACS).
- Conducted daily monitoring and performance tuning of hospital networks to ensure continuous operations.
- Managed IT inventory and performed diagnostics to minimize downtime.
- Implemented regular data backups and ensured data protection compliance.
- Installed, configured, and repaired CCTV systems including hardware setup and software management. Created documentation of troubleshooting procedures to support internal knowledge sharing.

IT Support Assistant (Internal Support)

Klinik Muhammadiyah Lamongan

December 2019 - March 2023

- Provided front-line support to clinical staff, resolving technical issues related to patient systems and internal networks. Monitored network and device uptime in the clinical setting.
- Oversaw IT equipment and facilitated system access management. Maintained structured documentation of recurring issues and resolutions.
- Performed maintenance and troubleshooting for CCTV systems and related infrastructure.

IT Support Assistant (Internal Support)

RS Muhammadiyah Kalikapas

Agustus 2021 - March 2023

- Assisted IT team with troubleshooting hardware and software
- Provided on-call support for network and CCTV maintenance.
- Ensured smooth operation of hospital devices and data security.

IT Support Freelance (Part-Time)

Klinik Surya Medika

Januari 2021 - March 2023

- Provided freelance technical support covering hardware repairs, network setup, and CCTV system maintenance.
- Conducted regular maintenance of clinic IT systems and ensured stable internet and internal communications.

Freelance IT Support Technician
RS Permata Bunda

Januari 2021 - March 2023

- Installed and maintained hardware, networking systems, and CCTV
- Set up and configured intercom and interlocal telephone systems.
- Diagnosed and resolved infrastructure issues to minimize service interruptions.

IT Manager (Based On Project)

Dash Garment Indonesia

Juni 2023 – Juli 2024

- Led the development and implementation of the Human Resource Information System
- (HRIS) to support recruitment, attendance, payroll, and performance evaluation processes.
- Managed the IT team in maintaining network infrastructure, servers, and data security.

Head Of SIRS (Sistem Informasi Rumah Sakit)
RS Umum dr Euis

Oktober 2025 – Januari 2026

- Led and managed the planning, development, and implementation of Hospital Information Systems (SIMRS Khanza) to support integrated clinical and non-clinical operations.
- Designed and developed a pharmacy queue management system to improve service efficiency, patient flow, and waiting time optimization
- Managed and maintained BPJS Health system integration, including data synchronization, claims processing, and administrative compliance
- Collaborated with medical and non-medical departments to analyze system requirements, optimize workflows, and drive hospital digital transformation initiatives
- Prepared system documentation, SOPs, and conducted user training and technical support to ensure effective system adoption.
- Ensured data accuracy, system reliability, and information security to support data-driven management decisions.
